

# Zedi Composition Management

## Software to manage your Zedi Lab sample results

Zedi Composition Management (ZCM) is an automated, cloud-based, analysis management software that provides compliance and historic trending of your sampling program.

Our unique cloud-based software provides centralized visibility and compliance for your hydrocarbon sample lab data. Streamline sample approvals online and automatically update connected devices in the field.

### Visibility and Trending

- Access your sample reports online as soon as analyses are published by Zedi Lab Solutions
- Quickly view historical trends against current sample reports to manage exceptions

### Efficiency

- Leverage automatic approval of reports that meet user-defined validation criteria
- Instantly updates field devices on Zedi Access and chart meters in Zedi TrueChart

### Ensure Compliance

- Be alerted when sample reports are outside of validation criteria
- Visibility to help ensure sampling program meets Regulatory Compliance

### Data Availability

- Securely stores all historical sample reports
- Easily export Zedi lab sample reports
