

**Your Digital Transformation Projects
Delivered on Time and on Budget**

Zedi SaaS SCADA

Effortlessly integrate data from any source to rapidly enable better business decisions while increasing production, profits and sustainability.

Your Digital Transformation Project Made Easy

Driving your digital transformation projects on-time and on-budget can quickly absorb far too many of your internal resources that should be focused on your business.

Emerson's Zedi Project Management personnel are some of the most organized, trusted sources you can find that can easily handle every aspect of your digital transformation projects.

Ensuring your project success and ability to quickly gain the value of the secure, scalable Zedi cloud platform to enable your operations to compile data from any digital monitoring hardware via gateways that support a variety of protocols.

- Project charter
- Work breakdown structure
- Project schedule
- Budget tracking
- Communication plan
- Risk analysis
- Performance reporting
- Project closeout report

Our Project Management Commitment to Your Success

Your Project Management success is delivered on-time and on-budget to reduce the time involved from your internal resources, while reducing project costs and complexity and improves efficiency and reliable project completion.

- Meet project budget projections
- Achieve operational expectations
- Reduce project schedule risks
- Expert help for every project phase

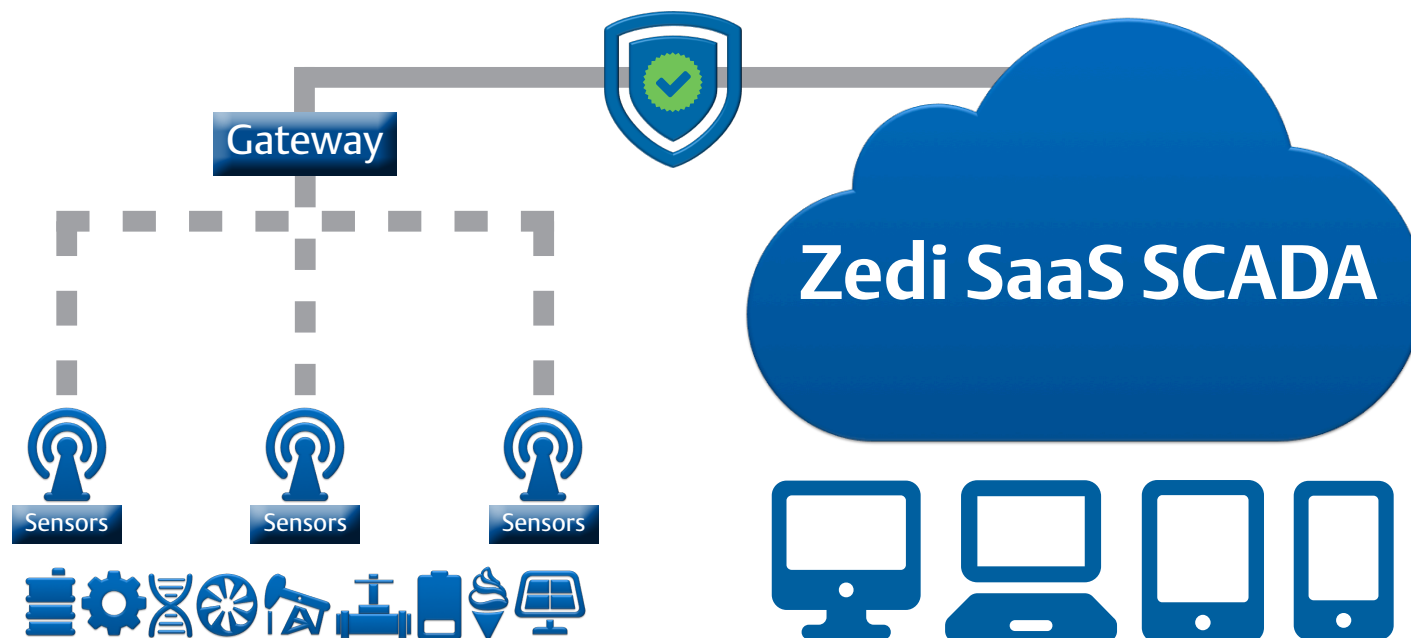

Investing in comprehensive project planning can greatly reduce the risks you face in bringing your project to successful completion for the best return on your investment.

Experience how Emerson can help at every phase—from planning, implementing, modernizing, to training and full support.

Our Project Managers plan, develop, recommend and coordinate the implementation of Emerson's Zedi SaaS SCADA to achieve your company goals. Our Experts analyze every impact to your production and people to achieve your company goals for successful execution.

Monitor & control assets – anytime, anywhere.
